

Continental Worldwide
Trading Company

Product Overview

Quality products & services for science, research & industry since 1990

Titrand Potentiometer

High-end potentiometric titrator with FDA compliant software

Ti Touch Potentiometer

Touch Screen potentiometric titrator with FDA compliance

Eco Titrator Potentiometer

Economical Titrator for all basic potentiometric applications.

OMNIS Titrator

Modern, high accuracy and safe titrator with FDA compliance.

Karl Fischer Titrand

High-end volumetric & coulometric KF titrators.

Karl Fischer Ti-Touch

Touch screen KF titrator & Coulometer with FDA compliance.

Karl Fischer Eco Titrator

Volumetric titrator (upto 100%) contents.

Eco Coulometer

For the determination of low amounts of water (0.001 to 1%) with optional oven.

930 Compact IC Flex

Compact ion chromatograph for routine analysis.

940 Professional IC Vario

High-end ion chromatograph for research applications.

ECO Ion Chromatograph

Entry level IC for academia and basic water testing.

NIRSystems Lab Analyzers

Quantitative & qualitative analysis for pharma / chemicals.

Raman Analyzer Mira P (pharma)

Handheld spectrometer; quick & easy id of unknown materials with FDA compliance

Raman Analyzer Mira XTR

Handheld spectrometer for id of illicit / hazardous substances for defense and security.

Benchtop pH/Ion meters

Advanced pH & ion meters for portable or lab use.

Portable pH/Conductivity/DO

Versatile units either for single or multiple applications

Compact Potentiostats

Compact & Modular potentiostat/galvanostat for all electrochemical research applications

Portable Potentiostats

Portable potentiostats/galvanostats for electrochemical research in lab & on site research

Liquid Handling

Automated liquid handling systems for precise manual titrations.

Rancimat

Measures the oxidation stability of natural oils & fats.

www.buchi.com

Laboratory Rotavapor

Complete, integrated systems for all distillation applications.

Kjeldahl Systems

Measurement of nitrogen (protein) acc. to Kjeldahl method.

Melting Point Determination

Melting & Boiling Point with high accuracy & easy calibration.

Parallel Evaporation

Evaporation or concentration of multiple samples in parallel.

NIR Spectrometer

Precise & analytical results in a matter of seconds.

Automatic Extraction

Automatic classical determination of fat (soxhlet), & residue analysis.

Preparative Chromatography

First steps to fast separations compared to glass columns

Pure Preparative HPLC

Powerful systems for flash & high pressure chromatography.

Industrial Rotavapor

Efficient industrial distillation under vacuum up to 30L.

Lab Spray Dryer

Single step conversion of solutions into dry powder.

Encapsulator

Development of beads & capsule using prilling by vibration.

NIR Online

Process analyzer for real time results of key parameters.

Handheld Raman Analyzers

For material id & verification in QC, forensic analysis, counterfeit drug detection & security

Portable iRaman Analyzers

Portable spectrometer, high performance with low noise, ensure research-grade analysis.

Portable Spectrometer STRam

Delivering rapid material identification through a variety of layers & types of packaging.

NanoLibs Analyzer (Pharma)

Handheld Laser Induced Breakdown Spectroscopy (LIBS) analyzer for monoatomic salt id.

Heating Circulators & Baths

Heating circulators for heating up to 300°C.

Refrigerated Circulators

Heating & cooling, internal & external applications. (-50°~200°C)

Water Baths

Highly precise temperature control with many accessories

Immersion coolers/chillers

Cooling or external cooling for different applications.

Plastic Labware Products

Labware (beakers, flasks) & Class A/B volumetric labware.

Microliter Pipettes

Single & multi channel, high accuracy & self calibration.

Bottle top Dispensers

Accurate & repetitive dispensing of solvents & other media.

Digital Burettes

Rapid, convenient titration with highly accurate results.

Lab Refrigerators (3~16°C)

Storage of pharma & sensitive substances (ATEX certified).

Laboratory Freezers (-40°C)

Storage with documentation & alarm systems.

Laboratory Fridge-Freezer

Combined storage with reliable documentation & alarm systems.

Ultra Low Temp Freezers

To store highly sensitive substances from -40°C to -86°C

Benchtop Refractometers

Benchtop Refractometers with high accuracy & CFR compliance

Automatic Polarimeters

High accuracy polarimeter with CFR compliance.

Portable Viscometer

Entry level, portable rotational viscometer.

Abbe Refractometer

For temperature controlled measurements of refractive index & Brix in solids/liquids

Portable Refractometers

Fast & Easy | Brix, nD, Salinity, Salt %, Moisture, etc

Frying Oil Monitor

For Total Polar Materials & Acid Value measurement in oil.

Portable Meters

For acidity measurement, non destructive brix in fruit etc.

In-line Refractometers

Online measurements of Brix, Refractive Index etc.

Q-Line Fire Safety Cabinet

Storage of flammables, protection for 30 or 90 mins.

SL-Line Safety Cabinet

Safe storage of corrosive materials (acids & alkalis).

K-Line Safety Cabinet

Combined storage of flammables & corrosives.

Gas Cylinder Cabinets

For the storage of pressurised gas cylinders in indoor areas

General Lab Glassware

Includes beakers, flasks, test tubes, vials, media bottles etc.

Volumetric Glassware (Class A)

Certified volumetric cylinders, volumetric flasks, & pipettes etc.

Glass Assemblies

Assemblies for different chemical reactions.

Reaction vessels & Jointware

Sockets & cones, condensers & columns for chromatography.

Climatic Chambers

Precise control of humidity & lighting with CFR compliance

Moisture Analyzer

For highly accurate measurements of moisture

Analytical Balance

Readability of 0.0001gm & weighing range of up to 520g

Precision Balance

Readability of 0.001g ~1g & weighing range of upto 12100g

Gas Chromatograph

The perfect gas chromatograph (GC) for many applications

Analytical HPLC

HPLC with quality performance, accuracy, & sensitivity.

Lab Glass Washers

Analytically pure reprocessing & cleaning of lab glassware

Lab Consumables & Safety

High quality lab consumables, safety equipment & accessories.

Recycling Preparative HPLC

Recycling function for separation of natural compounds.

Supercritical Fluid Extractors

Entry level SFE system for extraction in supercritical media.
